

Press Release – 2nd July 2008

Longfield School Commended in the recent 21st Century Learning Alliance Awards

We are delighted to announce that we have been commended in the recent 21st Century Learning Alliance Awards.

Following a visit to Longfield by a panel of judges Longfield was short listed to one of eight Secondary schools in the national final.

An award ceremony took place in front of about 1200 headteachers at the NCSL "Seizing Success" conference. Tim Brighouse made a short speech about the 21st CLA and then Tim and Sir Gerry Robinson gave away the certificates and prizes.

If you go onto <www.21stcenturylearningalliance.com> you will see the school learning journeys recently published for the winners and the commended schools.
